## Green & White Day in Senmaya (Lunch)

“緑と白”の日, 千厩

Giorno in bianco e verde a Senmaya

In Italy, where this event is held, people bring reusable glasses and plates under the theme of ecology, and they receive meals on the dishes they bring in exchange for pre-purchased tickets, take their seats, and everyone in the community gathers late into the night to deepen exchanges.

We have held this meeting three times so far on May 20, 2018, June 8, 2019, and May 7, 2020 at our Senmaya International Club with around 50 participants. This time, with the cooperation of the various representatives of Senmaya, we are pleased to announce that we will be holding the event on a larger scale as a new step forward. We are in a critical situation where the birthrate is declining and the population is aging nationwide, but we pray that this kind of initiative will open the door to a brighter future for Senmaya, Tohoku, and Japan.

Dress Code

Green and white are the key color since the theme is ecology. For example, we encourage you to wear white or green clothes or shirts. You may also wear a green or white pocket chief, scarf, or ribbon.

What to Bring

We would appreciate it if you could bring your own reusable glasses and plates if possible.

Details

Everyone is welcome to gather around a 40-meter-long table to enjoy conversation and food.

You can also enjoy entertainment on a special stage at the venue. We look forward to seeing you there.
