The 5th Green & White Day in Senmaya International Club Memorial Service for Mr. Keishi Onodera (Casy)

In Italy, events are held with an emphasis on sustainability, where participants bring their own reusable glasses and plates, exchange pre-purchased tickets for food, and gather late into the night to socialize with local residents.

With the hope of someday holding this event in the town of Senmaya to help revitalize the community, our foundation organized three events at the Senmaya International Club on May 20, 2018; June 8, 2019; and May 7, 2020, each attended by approximately 50 people. Then, on May 21, 2023, with the cooperation of many people, we were able to hold the fourth event for about 300 people in the front courtyard of the Senmaya Rural Workers' Welfare Center.

Although recent events such as earthquakes, tsunamis, and wildfires continue to cause concern, we are pleased to announce the fifth luncheon. We hope you will join us. This gathering is also intended as a heartfelt tribute to the memory of Mr. Keishi Onodera (Casy) a former council member of our foundation, who sadly crossed the rainbow on August 6, 2025.

Representative Director Yasuhiko Sata
